

Trust Newsletter October 2021

Welcome to the October Trust Newsletter which includes University of Wolverhampton and Faculty information that might be of interest to you. We hope you find it helpful and informative.

Stand Alone Module Approval

To assist with forward planning, please can stand alone module applications for semester 2 (starting January 2022) which require Trust Funding Approval be actioned by 9 January 2022 to ensure that they can be processed and applicants have the opportunity to enrol before their module starts. Delays to the process impacts on the student experience at the University. Thank you.

CPD Navigator

The Institute of [Health CPD Navigator](#) is there to offer advice and support for individuals, employers and commissioners who are interested in our educational provision for those employed in the health and social care environment.

For further details on how they might assist you please contact them at:
CPDNavigator@wlv.ac.uk

Academic Advice Sessions

We understand that the higher education credit system can be difficult to navigate between different institutions; it can be difficult to keep track of credits and understand when and how they can be counted towards studies and awards. In order to help you with this, we provide an opportunity for those who are wishing to apply for a course within Institute of Health and our standalone module students who would like some advice help and guidance.

[Click here for further information and to book an academic advice session.](#)

Instagram and Twitter accounts for FEHW

FEHW have recently set up Instagram and Twitter accounts where good news stories, faculty updates, events and much more can be shared on our online platforms with you.

Follow us on Twitter and Instagram
