7/8/2020 10:02:21	3	2	4	4	Yes	3	Having participants unmuted was unhelpful due to background noise. I think using hands up or comments would have been more appropriate, or in mute for questions. The pace was a little slow , and slightly uncomfortable because there was an expectation to contribute but I was new to Zoladex and felt I would have preferred to listen and absorb and didnt feel I had a worthy contribution.
7/8/2020 11:05:29	4	4	5	5	Yes	5	good context and plus was given opportunity to go to website for further information re how to administer zoladex as a refresher
7/8/2020 17:07:51	4	5	5	5	Yes	4	I was really pleased to participate in this interactive training session. I learnt so much about zoladex and issues were raised that I was unaware of around safety. The delivery was calm and enjoyable, very educational and covered many areas. Thank you.
